Argentine Tango Test Format

Exams may be given by a CDF® Regional or National examiner.

The candidate will be tested on all figures of the exam level.

Part A (worth 40%): Candidates will demonstrate all figures in a routine that they will dance with a partner, to music. They will dance through these routines twice, once as leader, and once as follower. They will then be asked to dance a SOLO amalgamation to music as either leader or follower.

Part B (worth 30%): The candidate will answer theoretical questions (Amount of Turn, Footwork, Timing, Positions, etc.) through all the level figures. The

candidate will be asked one theoretical question for each numbered syllabus figure. All of the questions in this section will be derived from the information in the DVIDA® Syllabus Manual.

Part C (worth 20%): The candidate will answer several general teaching questions.

Part D (worth 10%): The candidate will receive a score for his or her Overall Presentation, which will encompass the candidate's poise, demeanor, vocal projection, and clarity throughout Parts A, B, and C. There are no additional questions for Part D.

Examiner Expenses

You will pay the examiner hourly for their time. Each examiner has their own hourly rate, and you will pay them directly. Additionally, you are responsible for any travel, accommodation and meal costs if the examiner does not live locally. In this case, it is a good idea to amortize these expenses by organizing a day of examinations that includes other professional examinations and/or student medal exams.
